

Miami Valley Juvenile Rehabilitation Center

Visitor Protocol to Keep Your Child Safe

MVJRC will follow recommendations from the CDC regarding COVID-19 Screening for visitors of incarcerated/detained persons:

- Visitors that have been vaccinated DO NOT have to wear a mask. Those visitors that have not been vaccinated must wear a mask. (Honor System)
- Verbal Screening for symptoms of COVID-19:
 - *Today or in the past 24 hours, have you had any of the following symptoms?*
Fever, chills, cough, difficulty breathing
 - *In the past 14 days, have you had close contact with a person known to be infected with COVID-19?*

If the visitor answers “yes” to any of the screening questions they will not be allowed into the facility.

Safety Check of Visitors Temperature:

MVJRC staff will take temperatures of those visitors before they enter the facility and document the temperature in the log.

Those visitors that have a temperature of 100.4 degrees or higher will not be allowed into the facility.

Maintain a social distance of a table width between youth and visitors. No physical contact will be permitted during visitation.
