INDUSTRIAL PRETREATMENT DISCHARGE DISCLOSURE APPLICATION

GENERAL INFORMATION

Please answer the following questions to best of your knowledge and ability. Attach additional sheet(s) if necessary.

(Note: Some questions may not apply)

Discharger Name: _____

Discharger Address: _____

Mailing Address (if different): _____

Telephone No.: _____

Authorized Representative: _____

Is this a new or existing wastewater discharge? _____

Which Standard Industrial Classification Code(s) will apply: _____

Will this discharge be subject to a Federal Pretreatment Standard?

Describe any wastewater treatment process that may or is being used as pretreatment:

Will or does additional pretreatment processes and/or operation and maintenance required to meet Pretreatment Standards?

Amounts of Products/Services Produced

Type Ave. Day Max. Day (specify)

Production/Operation schedule for each type product/service produced

Sunday _____

Monday _____

Tuesday _____

Wednesday _____

Thursday _____

Friday _____

Saturday _____

If production/operation is seasonal, indicate scheduled shutdowns and peak production periods.

Product/Service Shutdowns Peak Production Period(s)

Amount of Raw Materials Used

Type Ave. Day Max. Day (specify)

Amount of Catalysts/Intermediates Used

Type Ave. Day Max. Day (specify)

WASTEWATER INFORMATION

(Attach additional sheet(s) if necessary)

Quantity of Discharge

Wastewater Flow (Gal/Year) (specify)

_____	_____	_____
_____	_____	_____
_____	_____	_____

Connections to public sewer

(Attach and refer to site map showing connection to public sewer)

For each connection to the public sewer, complete and attach a separate site map showing connection to public sewer.

Is discharge to wastewater sewer: Intermittent? _____; Steady? _____

If intermittent, describe schedule as fully as possible including average daily flow rates, peak rates, time and duration of discharge, etc.:

Discharge Quality mg/l- lbs/day (specify)

BOD _____
Suspended Solids _____
Oil & Grease _____
Ammonia, As N _____
pH _____
Temperature _____

What are the characteristics of the residuals (e.g. sludge) generated from the pretreatment facility?

Gallons per Day _____
Percent Solids (%) _____
Biological _____ (Y/N)
Inert _____ (Y/N)
Toxic _____ (Y/N)

How do you currently dispose of the pretreatment residuals? Check one or more.

Public sewer _____

Storm sewer _____

Haul to landfill _____ located at _____

Hire private contractor _____

If any process wastes are drummed and stored or hauled from this facility, describe the waste and the manner in which it is disposed.

WATER SUPPLY INFORMATION

Water Sources (e.g., wells, surface water, public system, etc.)

Source Quantities (Gal/Year) (specify each source)

_____	_____
_____	_____
_____	_____

Water Treatment Process Chemicals Used Quantity

_____	_____
_____	_____
_____	_____

Water Use

Quantity used (Gal/Year) (specify usage)

In product _____

Processes _____

Sanitary facilities _____

Boiler feed _____

Cooling water _____

Other (specify) _____

CERTIFICATION

We, the undersigned, hereby certify that the preceding information is complete and accurate to the best of our knowledge, under penalty of law.
