

# Fairground Road at Hilltop Road Intersection Improvement Project

**Location:** The intersection of Fairground Road and Hilltop Road is a 65-degree angle with a 25-degree skew.

**Background:** This intersection is considered the 6<sup>th</sup> highest statewide rural intersection for crashes and ranks first in ODOT district #8.

**Purpose:** This project is to convert the current skewed intersection at Fairground Road and Hilltop Road into a single lane roundabout to improve safety for the travelling public.

**Funding:**

- The Greene County Engineer secured 90% County Engineers Association of Ohio (CEAO) Highway Safety Improvement Plan (HSIP) federal funding in 2021 to perform a safety study of this intersection
- In November, 2021, the Greene County Engineer secured \$1.4M CEAO HSIP funding for construction
- In November, 2022, The Greene County Engineer secured \$1.5M in ODOT HISP funds for engineering, right-of-way, environmental, and construction
- Estimated total cost (FY 2027) includes engineering, right-of-way, environmental, and construction is \$3.5M

**Next Steps:** A consultant has been selected for the project and we are currently negotiating the consultant design contract.

**Project Schedule:**

Begin Design	April 2023
Project Award	July 2026
