

**GREENE COUNTY CLERK OF COURTS (LEGAL DIVISION) PUBLIC
RECORDS POLICY EFFECTIVE SEPTEMBER 29, 2007**

Introduction:

It is the policy of the Greene County Clerk of Courts office that openness leads to a better informed citizenry, which leads to better government and better public policy. It is the policy of the Greene County Clerk of Courts office to strictly adhere to the state's Public Records Act. All exemptions to openness are to be construed in their narrowest sense and any denial of public records in response to a valid request must be accompanied by an explanation, including legal authority, as outlined in the Ohio Revised Code. If the request is in writing, the explanation must also be in writing.

Section 1. Public records

The Greene County Clerk of Courts office, in accordance with the Ohio Revised Code, defines records as including the following: Any document – paper, electronic (including, but not limited to, e-mail), or other format – that is created or received by, or comes under the jurisdiction of a public office that documents the organization, functions, policies, decisions, procedures, operations, or other activities of the office. All records of the Greene County Clerk of Courts office are public unless they are specifically ordered sealed by the Court or exempt from disclosure under the Ohio Revised Code.

Section 1.1

It is the policy of the Greene County Clerk of Courts office that, as required by Ohio law, court records will be organized and maintained so that they are readily available for inspection and copying. Record retention schedules are to be updated regularly, as needed.

Section 2. Record requests

Each request for public records should be evaluated for a response using the following guidelines:

Section 2.1

Although no specific language is required to make a request, the requester must at least identify the records requested with sufficient clarity to allow the public office to identify, retrieve, and review the records. If it is not clear what records are being sought, the records custodian must contact the requester for clarification, and should assist the

requestor in revising the request by informing the requestor of the manner in which the office keeps its records.

Section 2.2

The requester does not have to put a records request in writing, and does not have to provide his or her identity or the intended use of the requested public record. It is this office's general policy that this information is not to be requested.

Section 2.3

Public records are to be available for inspection during regular business hours, with the exception of published holidays. Public records must be made available for inspection promptly. Copies of public records must be made available within a reasonable period of time. "Prompt" and "reasonable" take into account the volume of records requested; the proximity of the location where the records are stored; and the necessity for any legal review of the records requested.

Section 2.4

Each request should be evaluated for an estimated length of time required to gather the records. Routine requests for records should be satisfied immediately if feasible to do so. Routine requests include, but are not limited to, court records, budgets, salary information, forms and applications, personnel rosters, etc. If fewer than 20 pages of copies are requested or if the records are readily available in an electronic format that can be e-mailed or downloaded easily, these should be made as quickly as the equipment allows.

All requests for public records must either be satisfied (see Section 2.4) or be acknowledged in writing by the Greene County Clerk of Courts office within three business days following the office's receipt of the request. If a request is deemed significantly beyond "routine," such as seeking a voluminous number of copies or requiring extensive research, the acknowledgement must include the following:

Section 2.4a – An estimated number of business days it will take to satisfy the request.

Section 2.4b – An estimated cost if copies are requested.

Section 2.4c – Any items within the request that may be exempt from disclosure.

Section 2.5

Any denial of public records requested must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including legal authority.
